

Theme Parties

Our theme parties include an hour and 15 minutes of art instruction in the theme of party host's choice!
This party also includes an extra 45 min of studio time for gathering with your friends or family afterwards for food, cake, and presents.

Here's how it works!

1. Pick a theme for your party
2. Pick a lesson for that theme
3. Pick your materials for your lesson

Kid's Themes:

Tea Party

This super frilly event is perfect for a girl's party. We will set up a long tea party table complete with doilies, tea cups, tablecloths, and all paper goods you'll need. We'll also provide tea party costumes for the girls to accessorize with! The lesson available for this theme is Cutie Cupcakes, a cupcake art lesson including real sprinkles!

Pirate Party

Are you ready to PARRTY?! This event would be great for your little swashbucklers! We will provide all paper goods and set up our large party table in a pirate theme. We'll also provide costumes for your pirates to dress up in, including a painted beard! The lessons available for this theme are Buccaneers or Pirate Ships!

Mini Monet Party

This sophisticated theme is great for boys and girls! We will set up our huge party table with every paper good you'll need in a color of your choice! We will also provide costumes so your artists will feel like real French Impressionists including a painted mustache! The lesson available for this theme is Water lilies!

Princess Party

If you think the tea party theme isn't girly enough than this is the party for you! Like our other themes we'll provide everything needed for the party, but in a princess theme or colors of your choice. We'll supply the party-goers with costumes fit for royalty! The lessons available for this theme are Fairies or Princesses!

Super Hero Party

This event will be perfect for any caped crusader! We'll set up everything you'll need in the color to coordinate with the host's favorite super hero!
